ANGIOGENESIS: BIOLOGY, BASIC PRINCIPLES & CLINICAL APPLICATIONS

Supported by:
The Lebanese Society of Medical Oncology

24-25 February 2012 - Mövenpick Hotel - Beirut, Lebanon
Day 1: Friday, 24 February 2012

Moderator: Eric Van Cutsem

13h30 Welcome and introduction, Eric Van Cutsem

13h40 One biological process different disease entities, Donald McDonald

14h05 Predictive & prognostic markers, Hugo Hortling

14h30 Genetics & biomarkers, Hugo Hortling

14h35 How long anti-angiogenesis therapy should be administered? Ghassan Abou-Alfa

15h05 Rebound or no rebound, Donald McDonald

15h35 Coffee break

16h00 Anti-angiogenic molecules: Lessons learned & perspectives, Ahmad Awada

16h30 Safety aspects & management of angiogenesis inhibitors, Ali Shamseddine

17h25 HCC & NET, Ghassan Abou-Alfa

17h45 Renal cell carcinoma, Ahmad Awada

Day 2: Saturday, 25 February 2012

Moderator: Ali Shamseddine

09h00 MRI and petscans, Mukbel Hourani

09h20 Colorectal cancer, Eric Van Cutsem

09h50 Gastric cancer, Eric Van Cutsem

10h20 Surgery & angiogenesis inhibitors, Thomas Gruenberger

10h40 Coffee break

11h00 Breast cancer, Nagi El Seghir

11h25 Ovarian cancer, Muhieddine Seoud

11h50 Lung cancer, Abdulrahman Jazieh

12h20 Glioblastoma, François Kamar
**SCIENTIFIC COMMITTEE**
Eric Van Cutsem MD, PhD - Belgium
Ali Shamseddine MD - Lebanon

**REGISTRATION FEES**
International participant

**Includes**
Access to the scientific sessions
CME credits
Coffee breaks
Dinner
Lunch

**ORGANIZING COMMITTEE**
Sami Khatib MD – Jordan
Abdulrahman Jazieh MD – KSA

$2000

Gala dinner
Congress bag
Transportation from/to airport
Transportation to/from Gala dinner
3 nights at the hotel on bed & breakfast basis

**EVENT ORGANIZER**
